- all outline radiators are made to order. allow around 6-8 weeks for delivery. bespoke sizes available, please ask for details
- please be aware, this radiator acts as a convector heater, and emits heat from the space at the top of the radiator between the wall and the rear of the radiator as opposed to the front panel. for this reason, the radiator has a low surface temperature
- 25mm gap from wall to rear of radiator on all outline models
- distance wall to front face: shallow radiators (50mm deep) / deep radiators (95mm deep)
- underside valve connections as standard. side valve connections can be specified at no extra cost
- to complete the look see our valves page (valves are not included as standard)
- nationwide delivery available – usually £25 per consignment
- heat outputs are shown at operating temperatures of 90/70/20 (Δt60°C)
- also available in electric version
- all sales are subject to our standard terms and conditions a copy of which can be downloaded from our website

the above prices are exclusive of VAT
