# feature radiators

- sizes shown in bold should be in stock in the UK / all other sizes shown are usually special order (non-stock): approx 8 – 10 weeks
- please call or email to find out stock levels
- horizontal models: side valve connections so you need to add an extra 150mm to the width of the radiator to allow for valves (these are not pipe centres) / vertical models: underside valve connections
- distance from wall to front face: single: 72/92mm / double models: 93/113mm (brackets have 2 settings)
- radiators are supplied with the necessary fixings i.e. brackets, spacers, air vents etc (note: screws are not supplied)
- to complete the look see our valves page (valves are not included as standard) - for manual valves, we recommend minimus valves @ £25
- nationwide delivery available – usually £25 per consignment
- to order or for further information, please call or email
- heat outputs are shown at operating temperatures of 90/70/20 ( $\Delta t 60^{\circ}\text{C}$ )
- all sales are subject to our standard terms and conditions a copy of which can be downloaded from our website

***the above prices are exclusive of VAT***
