ROMANA TOWEL radiator

price list with effect from 22nd June 2010

nero central heating with single rail

white electric with double rail

Made of high quality marble or high quality granite. These stunning radiators brings style to any interior. This award winning sophisticated design incorporates the excellent heat-retention properties of natural stone. Thanks to the particular molecular make up of the stone, the warm air is radiated directly and evenly into the surroundings. The Romana provides heating that is not just low cost but also highly effective and environmentally friendly. These radiators are available in both central heating and electric versions. They are also available without towel rails.
